

HALL END ACTION GROUP

'Say No to Gypsy and Traveller Sites' in the area

Hi Everyone.

Latest News

Attached is the response we have received from Steve Webb (Lib Dem) who has been representing our views in Westminster.

We feel this is a huge step forward!

Although sadly we have not managed to stop the Hall End site , we have hopefully made a difference to the way sites will be looked at in the future .

Without your support and hard work of the committee of HEAG we could not have achieved this.

We have not finished our fight to stop the Tanhouse site but we are short of funds to keep up the ongoing battle.

Remember we are doing this for you!!!!!!
